

# AFTERMATH

THE ESCAPE ROOM GAME THAT COMES TO YOU

A unique franchise option for you

## AFTERMATH: A RUNAWAY SUCCESS

In 2016, we launched our first mission to great success in London. From homes and offices to pub parties, Aftermath quickly became a fan favourite. Our unique design and structure have been fully tried and tested, allowing us to offer this incredible experience to franchise partners across the rest of the world.

We have developed a multi-platform experience that is ready to expand and was always designed to be shared across multiple operators with a shared infrastructure. Our goal is to bring Aftermath to even more customers and allow our partners to share in the success of this one-of-a-kind escape game.

If you're interested in becoming an Aftermath franchise partner, now is the perfect time to join us. Contact us today to learn more about our licensing options and how you can be a part of this exciting entertainment industry.

# TWO UNIQUE EXPERIENCES. TWO UNIQUE OFFERS.

IN-PERSON

## OPERATION GLOBAL STORM

A two-hour, multi-platform, immersive adventure.

A fully tried-and-tested gaming experience which is both fun and challenging.

An immersive entertainment experience that can accommodate larger groups.

A pre-built shareable, online and digital game infrastructure which can be accessed by any smart phone via internet, WiFi or 4G+.

With each **Aftermath in-person game** kit, you can host multiple experiences side-by-side, each able to handle around **35 players per game**.

REMOTE

## TASKFORCE HURRICANE

A One-hour, online, immersive adventure.

A fully virtual gaming experience.

An immersive entertainment experience that can be run via Zoom.

A pre-built shareable, online and digital game infrastructure which can be accessed by any laptop/computer via internet.

With each **Aftermath virtual game** kit, you can host multiple experiences side-by-side, each able to handle around **10-15 players per game**.

# **A UNIQUE IMMERSIVE EXPERIENCE TO SELL TO**

## **CORPORATE HIRES, COMPANIES AND TEAM-BUILDING CLIENTS**

Aftermath requires creativity, lateral thinking and problem-solving skills to succeed. The benefits of an Escape Room for businesses is well-documented in terms of strengthening a workforce's bond, creating a sense of fun and wonder, and reinforcing positive communication skills. It's been known to increase lateral thinking, a team's and individual's focus and encourage colleagues to work towards a collective target.

## **FRIENDS AND FAMILY EVENTS**

The Aftermath Assignments are an exciting, interactive experience designed to challenge any friends and family. If your clients wanted to do something extra special on their day, why not bring this to their party, where your clients can drink, socialise and have fun together while stepping into a new world?

## THE INDUSTRY

Escape Games are currently the fastest-growing and most profitable division of the entertainment industry and AFTERMATH is the next generation of Escape Game experience. It is designed to be totally portable, removing the need for permanent building overheads and keeping the experience 100% cost effective. It can work in any room a client selects, freeing up the choice of when and where a customer can experience an Escape Room. And, unlike 99% of escape room experiences, each AFTERMATH game can accommodate larger groups.

This is the next generation of Escape Game - the client provides the room, you provide their experience and we provide you with a neat, fully portable kit that requires minimal maintenance or offer you a fully virtual game that can be played remotely.

If you wish to discuss this opportunity, please get in touch.
